

# CALL FOR ABSTRACTS

**DUE MAY 31, 2023**

**13TH  
INTERNATIONAL  
CONFERENCE ON  
CONCRETE PAVEMENTS**

**AUGUST 25-29, 2024**

**➤ THE DEPOT ◀**

**MINNEAPOLIS, MINNESOTA, USA**

**Organized by:**

***International Society for  
Concrete Pavements***

## WELCOME

The *International Society for Concrete Pavements* will hold the **13<sup>th</sup> International Conference on Concrete Pavements (ICCP)** August 25-29, 2024 in Minneapolis, Minnesota, USA.

<https://13thiccp.concretepavements.org>

The 13<sup>th</sup> ICCP theme is:

### ***Innovative Paths Toward Lower Carbon in Concrete Pavements***

Traditionally held every 4 years, this conference focuses on all aspects of the design, construction, rehabilitation, maintenance, sustainability, and resilience of concrete pavements.

The 13<sup>th</sup> ICCP is targeted for pavement, materials, and geotechnical engineering professionals, educators, and constructors who are involved in any aspect of concrete pavements. The included workshops are particularly beneficial to practitioners at all levels.

## ABSTRACT SUBMISSIONS

**All potential authors are invited to submit an abstract using the following link by May 31, 2023:**

<https://13thiccp.concretepavements.org/papers/>

Additional information on the conference can also be found using the QR code below:

## CONFERENCE SCOPE

This international conference typically attracts over 100 papers, presented in podium or poster sessions. Topics of interest include, but are not limited to:

- Design of concrete pavements
- Concrete pavement materials
- Concrete pavement construction
- Preservation of concrete pavements
- Concrete overlays
- Pavement performance prediction
- Durability of concrete pavements
- Pavement economics
- Pavement testing and instrumentation
- Pavement surface characteristics
- Lower carbon content concrete materials
- Use of recycled materials
- Increased resiliency of support layers

In addition to technical paper sessions there will be 10 practical workshops, 40+ exhibitors, and several local technical tours, including the famous MnROAD Pavement Test Track.

## DUE DATES

**MAY 31, 2023** Abstracts due

**JUNE 30, 2023** Approvals of abstracts

**SEPTEMBER 30, 2023** Completed papers due for review

**DECEMBER 15, 2023** Reviews completed and authors notified

**JANUARY 30, 2024** Submittal of revised paper for re-review

**February 28, 2024** Re-reviews completed and authors notified

**MARCH 31, 2024** Final versions of paper due
